Fitter arrived on site in response to emergency call out to find both roller shutters down. Fitter was told gearing on the motor had gone, so unable to open. New motor required. Fitters checked over shutter and made sure it was that. Took details for new. Fitters checked out other shutter and found drive chain had come off, curtain back wound, safety brake locked had not locked on. Fitters managed to get chain back on and door up so people could get out. Fitters took details to be able to get door operational. Fitters let door down and the door open for access. Power off so unable to operate.
