Description of Works	Value
TIME AND MATERIALS { "\$binary": {"base64": ""} }	£270.00
Site Date: 26/11/2018 Fitter arrived on site, fitter checked programme selector which was correctly commanding the doors operating mode. Fitter found that right hand leaf was not driving fully or closing in the correct position which suggests that the doors parameters are incorrect and requires reprogramming. Engineer to return with programmer and investigate further. This may not resolve the issue to these doors and a further quote to replace parts may be required. Site requested that fitter leave the doors on auto (how I found them on arrival) until we can return.
